Germans In East Prussia Win Big Victory

Berlin Hears Russian Invaders Are Swept Back And Demoralized

Rumor That United States Would Support Entente Emphatically Denied In Europe

GEN- HINDENBURG DECLARED TO HAVE TAKEN HUGE BODY OF PRISONERS IN FLIGHT

[Associated Press service by Federal Wireless]

BERLIN, Germany, Sept. 14.—(Official).—The retreat of the Russian invaders in East Prussia is developing into a demoralized flight.

General Hindenburg has captured 150 guns and between 20,000 and 30,000 prisoners.

(General Hindenburg—also reported Heidenburg—has been winning continuous victories in East Prussia according to reports for nearly a week past.)

SAYS GERMANS ARE WEAKENING

LONDON, Eng., Sept. 14.—Field Marshal Sir John French telegraphs: "The Germans seem demoralized and inclined to surrender in small parties. But, senseless and wanton outrage is going on. Pictures in chateaus are ripped out, houses pillaged and the inhabitants misused. Many of the Germans taken prisoners have been two days without food."

BRITISH AVIATORS EFFECTIVE

PARIS, France, Sept. 14.—British aviators are furnishing invaluable information to the Allies in the fighting on French soil. They have attacked and brought down five German machines in a revolver duel between the crews of the rival aircraft. The German flights are now rarer and less enterprising.

PARIS, France, Sept. 14.—Military critics believe that the position of the kronprinz's army is a critical one. They point out that the French north of Rheims threaten his line of retreat, and if the army is surrounded and forced to capitulate, the German host will be broken in twain.

The only visible escape for the kronprinz's force lies south of Verdun, along a line commanded by strong French fortifications, and this would be a desperate chance.

RUSSIANS ADMIT GERMAN ADVANCE

PETROGRAD, Russia, Sept. 14.—Official announcement says:

"The Germans began the offensive against General Rennenkampf's army 40 miles southeast of Koenigsberg on September 9. We retreated before superior forces to our chosen positions. A battle is raging there now."

"After 17 days' battle in Galicia, in which 2,100,000 men on both sides were engaged, we won a complete victory along the entire line."

City of Berlin Greatly Depressed

BERLIN, Germany, Sept. 14.—Gloomy rumors regarding the outcome of contests between the Allies and the German troops are so rife in this city that it has become necessary for the authorities to absolutely deny rumors that the United States is contemplating joining forces with the Allies and warring against Germany.

Rumors have been current in this city that the United States is in a state of preparedness for war and had decided to throw her support to the enemies of Germany.

Truth Reaching Swiss Nation

GENEVA, Switzerland, Sept. 14.—German victories or defeats have been stoutly censored in Berlin for several days past. However, notwithstanding this silence the truth is commencing to trickle across the frontier and the nation is astounded.

Considerable adverse criticism had been lodged against the German army for the reason that no French army had surrendered but with the receipt of reports of actual conditions the entire German nation is assuming a state of general depression. The reports of reverses suffered by the German troops are proving heavy blows to the German people and causing a general depression throughout that country.

The Swiss government is meeting with unheard of difficulty in floating its latest loan, the bankers still holding off.

Kronprinz Reported Still Active

LONDON, Eng., Sept. 14.—"Despite a stubborn opposition all day yesterday we forced a passage across the river Aisne," says a report from the headquarters of General French.

The report continues to the effect that the headquarters of the kronprinz have been driven from Saint Menesbould to Montfaucou.

LONDON, Eng., Sept. 14.—The Central News of Petrograd says: "There was a panic in Vienna when it was learned that the Servians had occupied Semlin. Thousands of unemployed are reported to be parading the streets."

KAHUKU RETURNS GO ASTRAY AND HOLD UP FINALS

Finally Located in Ballot-bag,
Missing Figures Can't
Be Secured

The cause of a day's delay in getting the fifth district primary figures straightened out, and of much consequent worry and vexation to the city and county clerk's office and to anxious newspapermen, was explained early this afternoon when the missing returns from the fourth precinct, fifth district, were located. But they are located in a place that may be inaccessible without a supreme court decision.

The returns were placed in one of the big canvas bags sent out to each precinct to be filled with the ballots. After the ballots were put in the bags, each bag was sealed up and sent to the city clerk's office and deposited there. In case of a contest or anything else necessitating a recount, the bags can be opened and the ballots gone over.

In the case of the fourth precinct, fifth district, which is at Kahuku, the election figures, carefully prepared by the precinct officials, were placed in the bag with the ballots, sealed up and sent to Clerk Kalaauokalani. It was not until this afternoon that telephoning to Kahuku finally brought the news.

"It may take a supreme court decision to open that bag," said Clerk Kalaauokalani this afternoon. "We have no right to open it with those ballots inside. Yet we must have the official returns before we can straighten out our figures."

In advance of the return of the precinct figures, the vote was sent to the city by telephone and is given with the other precinct returns. However, the delay in receiving the returns from this precinct has held back all the fifth district totals as well as the grand totals. As soon as these are straightened out they will be published.

WILLIAM HENRY SEES BIG REPUBLICAN VOTE COMING IN NOVEMBER

William Henry, nominee of the Republican party for sheriff of Oahu, realizes that he has a stiff fight on his hands to defeat Charles H. Rose, present sheriff, but says that if the Republicans will get together in the coming election a straight G. O. P. ticket can be elected.

"I wish to thank the voters who gave me the splendid vote of Saturday, and as there is no hard feeling between any of the unsuccessful candidates and myself I know that I can count on their support in November," said Mr. Henry this morning.

THAYER HOLDS CATHCART NOT ELECTED NOW

Legal Fight in Prospect Over
Primary Results for
City Attorney

If today's figures are correct, City and County Clerk David Kalaauokalani may be the only candidate elected at Saturday's primary, for under the primary law as interpreted by Territorial Secretary Thayer, City and County Attorney John W. Cathcart did not get the required majority of votes cast. This may mean that he and Joseph Lightfoot, the Democratic nominee, must enter the final campaign, leaving the decision to the voters on November 3.

On the other hand, the city attorney holds that the meaning of the section of the law is plain and that he is elected. He will so advise the city clerk, who makes up the municipal ballot, and if Attorney Lightfoot's name goes on the ballot, it will probably be only after a court fight and a decision contrary to the opinion held by Attorney Cathcart, who by virtue of his position is the city's legal adviser.

Cathcart came very near getting the election at the primary, so much so that he received a majority of all the votes cast for candidates for that office. He received, according to the early morning figures today, 3570 votes, more than half of the 6812 ballots cast for all three candidates for the office. But the figures in the delegateship race when tallied show that at least 7218 ballots in all were cast at Saturday's primary. Cathcart's 3570 votes is not half of that total.

The new primary law reads that a candidate shall be declared elected at the primary if he gets the votes of a "majority of the registered voters voting in the district of which he is a candidate." Secretary Thayer interprets this to mean that the candidate must get a majority of all the ballots cast in the election, not merely a majority of the votes cast for the office for which he is a candidate.

"The primary law seems very plain," said Secretary Thayer, "but I believe it does not convey the intent of those who made it. I believe it really was intended that the candidate need receive a majority only of the votes cast for his office. That is the working of the California primary law and I believe ours was intended to apply similarly, though it certainly does not as it stands today. The situation is that Cathcart must run again for election, and that Joseph Lightfoot is given another chance for the office."

"The meaning of the law is plainly that a candidate receiving the majority of all votes cast for that particular office is elected. I should so advise the city clerk," says Cathcart. "I hold that I am elected—that is, providing the figures so far received are correct and there is no material change. If I have received a majority of all the votes cast for the office of attorney I am elected under the primary law."

INTREPID PARTY IN ARCTIC HAS KILLING ORDEAL

Twelve Members of Stefansson
Expedition Die, Eight in
Northern Ice

NOME, Alaska, Sept. 14.—Further details of the rescue of surviving members of the Stefansson Arctic expedition, which have been received from the revenue cutter Bear which took the survivors from Wrangell Island, where they had sought haven from their steamer Karluk. Twelve members of the party are dead, eight perishing in the ice, trying to reach land after the Karluk was crushed in the massive ice-floes. One committed suicide while insane from exposure, two died of scurvy brought on by starvation and poor food, and one accidentally shot himself. There are 11 survivors.

A meeting of the council of the Inter-Church Federation has been called for Wednesday noon in Cooke Hall, Young Men's Christian Association building.

Kuhio Sweeps Primary Democrats Grow Weaker Carter May Not Stay In

PROGRESSIVE NOMINEE, IN VIEW OF RETURNS, SAYS HE'S
IN FIGHT TO FINISH IF RACE ISSUE IS NOT ALLOWED
TO DOMINATE GENERAL CAMPAIGN—RICE'S DEFEAT
SEEN EARLY SATURDAY EVENING—HONOLULU MU-
NICIPAL TICKET STRONG ON REPUBLICAN SIDE—FIRST
PRIMARY ELECTION PASSES QUIETLY

Kuhio, on the crest of an overwhelming wave of Hawaiian support and backed by not a few non-Hawaiians, swept through the primary election last Saturday with a tremendous vote of nearly two to one over Charles A. Rice and the hot fight between these two Republicans pulled down the Democratic vote for delegate until McCandless got less than 2500.

Kalaniana'ole carried every island except Kauai and there Rice's vote was cut far lower than advance estimates. The Garden Island voted light though it stood by its son in good shape on comparative figures.

On Oahu Kuhio got a vote in the fourth district of 1911 to 1959 for Rice and in the fifth 1844 to 465 for the Kauai man. McCandless got 690 in the fourth and 849 in the fifth.

George R. Carter's Progressive candidacy was received with surprisingly little cordiality by the voters. It was never expected among the wise politicians that he would poll a big vote in the primary for he had no opposition, but the fact that he gets not more than 10 per cent of the Progressive enrolment proved a great disappointment to the Progressive leaders.

It is certain that in the final election Mr. Carter will poll a much heavier vote but the question arises from the primary results whether under

MESSAGES TO PARIS TELL OF ALLIES DRIVING THE ENEMY BACK TO GERMANY

[Associated Press Service by Federal Wireless.]

PARIS, France, Sept. 14.—(Official).—The following message has been received from the front, claiming a general advance and victory for the Allies: "On our left the enemy has been forced to abandon their defenses between Compeigne and Soissons and beyond the river Aisne. In the center the Germans have been unable to maintain their defensive position behind Rheims. In the region of Argonne the enemy has turned back northward. On the right the German retreat is general from Nancy to the Vosges. Yesterday the French territory in this vicinity was completely evacuated."

The foregoing information has been received in this city with great jubilation. The results are conclusive evidence to those compelled to remain behind that the combined forces of the Allies are gradually driving the German hosts back into their own country and are constantly scoring victories over the Germans.

Joffre Reports Big Victory

PARIS, France, Sept. 14.—General Joffre sends word to Paris that the victory is "incontestable." His message states that the advance of the Allies is continuing along the entire line and that the enemy, increasingly disheartened and exhausted, is abandoning all positions originally forfeited to cover a possible retreat.

An official bulletin states that Generals von Kluck and von Buelow are retreating hurriedly into Belgium without any hope of reinforcement and continually menaced by the possibility that the Belgian troops will keep their forces in that country busily engaged.

Reports reaching this city are to the effect that the kronprinz now in Bavaria and General von Heeringen have evacuated French Lorraine and that General von Hausen and Prince Wurtemberg are retiring towards Rethel. (Note—Despatches within the past two days have been to the effect that the kronprinz and Prince Wurtemberg had died as results of injuries received in battle. The foregoing would indicate that nothing to substantiate these reports had been heard in Paris.)
